Jacksonville Transportation Authority FY 2023/2024 Original Budget vs. FY 2024/2025 Budget Bus Division - Operating Variance Overview

| Revenues | \$ Change | % Change |
|--|--------------|----------|
| Federal, State & Local Grants | | |
| Projected decrease in State of Florida block grant, as well as decrease in allocation of Federal Operating Assistance from Section 5307 & 5311 grant. | -\$2,279,167 | -21.55% |
| Local Option Gas Tax Tax revenue is projected to increase on a net basis by 10.55%. This forecast was based on historical trend. | \$1,621,918 | 10.55% |
| Net Sales Tax - Operating Net sales tax is projected to increase by 6.24% vs. FY24 budget. | -\$4,923,152 | -4.73% |
| Passenger Fares FY25 passenger fares projected for a small increase due to FY24 actuals trend. | \$287,273 | 3.85% |
| Federal Preventative Maintenance The FY24 budget for preventative maintenance (PM) was overstated. JTA could not justify charging the full budgeted amount of PM against the Section 5307 grant for operations, and the variance has been shifted to the capital budget. | -\$234,010 | -18.72% |
| Non-Transportation Revenue Projected decrease due to lower advertising and parking rental revenue. | \$5,338,585 | 224.78% |
| Interest Earnings Projection based FY24 on sweep account investments dividend actuals trend. | \$5,100,000 | 1020.00% |
| Expenditures | \$ Change | % Change |
| Salaries and Wages The increase represents a projected increase in negotiated union employee contracts and a 3% performance based target for non-union staff. | 4,352,079 | 9.28% |
| Fringe Benefits The increase is primarily due to increased health insurance costs, and pension contributions | 2,566,221 | 10.84% |
| Fuel and Lubricants Budgeted fuel prices are projected to drop in FY24. JTA uses fuel hedging as it provides budget certainty for fuel prices. | 703,877 | 17.35% |
| Materials and Supplies Materials & Supplies expense is projected to be slightly lower due to anticipated decreased need for revenue vehicle maintenance inventory replenishment in FY25 due to purchases that will be made during FY24. | -211,513 | -3.75% |
| Services The decrease is primarily due to reduced facility maintenance services expense. | -1,427,906 | -5.68% |
| Insurance Increase in property insurance rates in the state of Florida. | 1,013,859 | 64.53% |
| Travel/Training/Dues & Subscriptions The increase is due to a necessary correction of the classification of Travel/Training/Dues & Subscriptions in the Other Category used for FY24. Corporate allocation was understated in the FY24 Budget because the Board Classification was used for Corporate Allocation. Travel & Training is kept at the FY24 budget for Bus. Corporate Allocation is lower than FY24. | 365,334 | 67.03% |
| All Other/Miscellaneous The decrease is due to reallocation of budget from miscellaneous items to allow increases in other areas. | -213,419 | -8.31% |
| Contingency Contingency reduced due to final sales tax and investment interest earnings estimates. | -3,252,609 | -79.57% |
